Bachelor of Computer Application, GLA University Percentage: 77.2 %	Sep 2021 - May 2024 Mathura, UP
Intermediate, S.S Public School Percentage: 80.8 %	Apr 2020 - May 2021 Agra, UP
High School, S.S Public School Percentage: 75.2 %	Apr 2018 - May 2019 Agra, UP

PROFESSIONAL EXPERIENCE

Mawai Infotech Limited (MIL Noida sector 63)	Mar 2025 – Present
- Designed and developed custom web applications using Oracle APEX, incorporating dynamic forms, interactive reports, and role-based access to streamline client operations. - Provided end-to-end support and enhancements for existing Oracle APEX applications, including bug fixes, performance tuning, and implementing new business features based on user feedback.	
Noida Power Company Limited (NPCL, Greater Noida)	Feb 2024 – Feb 2025
- Engineered and deployed scalable applications for NPCL and collaborated with cross-functional teams at NPCL to develop tailored software applications, driving improvements in data integration and user experience across the organization. - Working on distinct projects like Carpool application, SIM Management, HR Training Portal, Quiz application, Netflix Clone, Image Compressor and so on.	

TECHNICAL & PROFESSIONAL SKILLS

HTML, CSS	JavaScript	jQuery	PL/SQL	SQL
Oracle Apex	Restful APIs	Problem Solving	Team Work	Self- Motivated

PROJECTS

Consultant Portal

- Enhanced the Consultant Portal by implementing real-time dashboards to track raised tickets by year, month, or custom date range, improving visibility into consultant performance and ticket resolution trends.
- Improved ticket management functionality by maintaining complete ticket lifecycle logs and enabling assignment workflows, resulting in more efficient tracking and consultant accountability.

Correspondence management system [🔗](#)

- Built a paperless letter management system to automate record-keeping and reduce manual work.
- Developed a solution to streamline document tracking and reduce reliance on physical paperwork.

HR Training Portal

- Developed and maintained the HR Training Portal to manage internal and external training sessions, enabling admins to schedule trainings and notify selected employees via automated email notifications.
- Implemented features for employee attendance tracking and post-training feedback collection, enhancing overall training engagement and performance analysis.

Car Logs Management [🔗](#)

- Built an app to help travel agencies track daily car records and manage fleet data.
- Simplified car log entries, making it easier for agencies to monitor trips, fuel, and maintenance.

Movie Trailer Website [🔗](#)

- Implemented a dynamic platform featuring detailed film summaries and trailers, boosting user retention through a user-friendly interface and up-to-date film information. I made this project using HTML, CSS, API's, JavaScript and Oracle Apex.

CERTIFICATES & ACHEIVEMENTS

- Certification in **Oracle APEX Cloud Developer Certified Professional** by Oracle. [🔗](#)
